

QUICK TIPS FOR OPEN ENROLLMENT

HOMework TIME!

Don't just renew your current plan. Take the time to compare premium and out-of-pocket costs, network and coverage levels for both plans before making a decision.

DOES YOUR PLAN WORK?

Is your current health plan working for you? Are you able to afford the costs you pay when you use a doctor, hospital or other provider?

WHAT ABOUT YOUR SPOUSE?

Does your spouse's company offer a plan? Your Advocate can help compare plans to determine the best fit.

PLANNING AHEAD...

Think about prescriptions, office visits, tests and procedures you may have next year. Make sure you understand how your benefits will apply to these expenses.

START SAVING!

Do you have a high deductible option with a Health Savings Account? If you have the opportunity to set dollars aside in an HSA tax-free account, it makes a high deductible plan a more appealing option.

LOOK AT THE PERKS!

Understand all of the "extra benefits" that come with each plan. Is there a wellness program or other service that can help you and your family be healthier?
